

PRESS RELEASE

TUI TRAVEL PLC CARRIERS THOMSONFLY, JETAIRFLY AND TUIFLY NORDIC SELECT UNITPOOL

London, United Kingdom, 31 March 2008 Following in the footsteps of sister companies, Arkefly and First Choice Airways, Thomsonfly, Jetairfly and TUIfly Nordic, are the latest of the airlines within TUI Travel PLC to entrust their ULD supply and management requirements to pooling specialist, Unitpool.

By continuing to outsource their ULD management requirements to Unitpool, TUI Travel's airlines stand to significantly benefit from the pooling synergies that the network overlaps will provide. These synergies will translate into cost savings and increased ULD management efficiency.

David Harman, CEO of Unitpool, commented, "We are very happy to welcome Thomsonfly, Jetairfly and TUIfly Nordic as the newest members of our R7 pool. This is a great opportunity to strengthen our association with the TUI Travel airlines. First Choice Airways and Arkefly both joined Unitpool in 2005, and the results obtained by both of these carriers has likely had an impact in the final decision to award us these new contracts. The five TUI carriers join Unitpool under an umbrella agreement and stand to gain additional benefits with the integration of the other TUI carriers to the pool. We look forward to bringing the ULD management requirements of all TUI Travel airlines under the Unitpool roof."

Dawn Wilson, Director of Ground Operations, Thomsonfly commented " We are pleased to extend the existing relationship with Unitpool to include a further three airlines within the Group and welcome the additional benefits delivered through improved costs and operational rationalisation"

The agreement includes the acquisition of the airlines' ULDs and complete management and integration within Unitpool's R7 fleet, including repair and maintenance, logistics and procurement. Implementation will start April 1st, 2008.

About TUI Travel PLC

TUI Travel PLC is a leading international leisure travel group which operates in approximately 180 countries worldwide and serves more than 30 million customers in over 20 source markets. Headquartered in Crawley, near Gatwick airport in the UK, the Group employs approximately 48,000 people and operates a pan-European airline consisting of 155 aircraft. About Unitpool

Unitpool is a Swiss-based asset management company that specializes in supplying and managing a fleet of 21,000 Unit Load Devices (ULD), across more than 250 airports, for a group of 29 member airlines. Unitpool remains the only company to offer airlines a fully managed ULD pooling solution. The company has access to the capital, a global network of suppliers (for repairs and maintenance, logistics and procurement) and with a team of professional staff and a tailor-made ULD management system, the expertise to manage a mission critical activity for its member airlines. Unitpool currently employs 51 staff, most of which are based in the company's 24/7, Bangkok Operations Centre, and in the field managing the ULD pools at key stations around the globe. Unitpool was acquired by Aviation Services Holdings in October 2007, a company owned by private investors represented by the Afinum Group www.afinum.de and a group of influential aviation investors.
